PSA Durban and Ulundi Offices: New organising and liaison allocations for 2026/27

The PSA Durban Office informs members that new organising, membership, and liaison allocations have been implemented for the 2026/27 period to enhance service delivery, improve accessibility, and strengthen support to members across departments and institutions. The allocations are contained in OMO Allocations 2026/27 as *attached*.

Members are advised that Zinhle Manyoni and Xolani Dhlamini have been allocated specific institutions, departments, hospitals, SAPS stations, EMS bases, and liaison areas in the Durban region. Nkosinathi Thwala has been allocated part of Zululand and uMkhanyakude. In addition, liaison-tour areas covering district municipalities across KwaZulu-Natal have been assigned to designated PSA officials to ensure regular workplace visits and member support.

Members are encouraged to familiarise themselves with the new allocations and engage the allocated PSA official for assistance with workplace matters, labour-relations issues, organisational activities, recruitment, retention, and member-support services. The PSA is committed to providing quality representation and maintaining a strong presence in all workplaces to protect and advance members' rights and interests.
