Rescheduled date: PSA Annual Intersectoral Meeting – Kimberley, 6 March 2026

The PSA informs all members in the Kimberley region that the previously postponed Intersectoral Meeting has been officially rescheduled. Following the postponement from 30 October 2025, the meeting will now take place on **6 March 2026**. This meeting is convened in accordance with section 31(5) of the *PSA Statute*, which underscores the Union's commitment to constitutional governance and member-driven mandates.

To ensure seamless execution and adequate logistical arrangements, a meeting of the Local Organizing Committee (LOC), comprising regional structure leaders, was held on 29 January 2026. The LOC is working tirelessly to ensure that all departmental and parastatal interests are represented. PSA Shop Stewards are currently in the process of collecting formal confirmations of attendance. Members across all Government Departments and State-Owned Entities (parastatals) are urged to coordinate with their respective Shop Stewards to confirm their presence and to ensure their departments are adequately represented to strengthen the collective voice of the Kimberley membership.
