

FOR PSA MEMBERS: **NORTHERN CAPE DEPARTMENT OF HEALTH (NC DoH)**

26-06-2026

Call for agenda points: Labour Management Forum - NC DoH

Call for agenda points

The PSA hereby calls for agenda points for the Labour Management Forum (LMF) meeting at the Department of Health.

Background and purpose

The PSA has written to the acting Head of the Department for Health in the Northern Cape to request a date for the next LMF sitting. This request follows the Department's slow response and lack of urgency in advancing collective bargaining processes in the Province.

Matters requiring attention

The LMF provides an important platform for consultation and engagement on matters affecting employees. Several transversal issues in the Department of Health require urgent attention, including:

- Acute shortage of staff,
- Non-payment of allowances, and
- Other workplace matters affecting employees across the Department.

Members are encouraged to submit issues they would like to be included on the agenda for the meeting. Submissions may be sent to russle.bindeman@psa.co.za or communicated telephonically on 082 883 7563. Once the meeting date has been confirmed, it will be circulated through the PHSDSBC structure leadership.

All public servants are encouraged to join the PSA by contacting Mhlanguli Madubela on 082 880 8982.

Reuben Maleka
GENERAL MANAGER
