

FOR PSA MEMBERS: **NATIONAL HOME BUILDERS REGISTRATION COUNCIL (NHBRC)**

10-02-2025

PSA active at NHBRC

The PSA is pleased to note that NHBRC employees continue to consider joining the Union, based on its established history of representing employees' rights and protecting their interests. This follows instances where several employees attended cases without representation or were poorly represented.

The PSA is committed to changing the situation currently faced by NHBRC employees. In the past, the PSA was unable to succeed in a dispute owing to insufficient membership numbers to meet the threshold required to obtain organisational rights at the NHBRC. Employees are therefore encouraged to join the PSA in sufficient numbers to enable the Union to secure these rights. Those who joined before need to complete new membership application forms for a new dispute to be referred to the CCMA for organisational rights.

A number of employees have already chosen to join a professional Union that will ensure their rights are properly protected. All interested employees are urged to contact the PSA Organiser on 082 880 8964 / sibusiso.ndzala@psa.co.za. Alternatively, employees may approach their nearest PSA Provincial Office.
