Protection of Prosecutors Policy

Members are aware that the PSA has been actively advocating for enhanced measures to protect Prosecutors, including the review, and strengthening of the current policy.

During the task-team meeting convened to engage on the draft policy, it emerged that the employer had revised the policy. Consequently, some of the inputs the PSA submitted were no longer fully applicable. The employer shared the revised draft policy (***attached***) with the PSA for consideration and further input. Members are therefore strongly encouraged to review the draft and submit inputs aimed at strengthening and refining the policy to ensure that it provides comprehensive, practical, and effective protection for Prosecutors.

Members are also invited to submit proposals on matters not addressed in the draft policy, but which may further enhance the protection and security of Prosecutors. These contributions will assist the PSA in formulating a comprehensive and representative submission to the employer on behalf of members. All submissions must be forwarded to *frmoloi@npa.gov.za* on or before **16 November 2026**.

Employees who want to join the PSA can visit the PSA's website or contact PSA Offices.
