## Victory for PSA members

### **Department of Agriculture and Rural Development**

A member was dismissed for misconduct and approached the PSA for assistance. The PSA assisted the member in appealing. The appeal authority considered the reasons for the appeal presented by the PSA and reduced the sanction from dismissal to a final written warning. The member was pleased with the assistance received from the PSA.

### **North West Development Corporation**

A member was appointed on a higher notch, but the employer failed to remunerate the member on the same level as others. The member approached the PSA for assistance. A dispute of unfair labour practice was declared, whereby a settlement agreement was reached. The employer agreed to pay the member the amount owed to him. The member was satisfied with the assistance received from the PSA.

These outcomes reinforce the PSA's role in representing members. To receive quality workplace representation, join the PSA - The Union of Choice.
