PSA honours Johan Pretorius

The PSA honours Johan Pretorius as a devoted public servant and principled leader whose impact on the Union has been profound and enduring. Mr Pretorius served two and a half consecutive terms as a Full-Time Office Bearer (FTOB), reflecting the strong trust placed in his leadership and his steadfast dedication to the PSA and the Union's members. Although his permanent appointment was with the Department of Correctional Services, his service as an FTOB extended far beyond a single sector. He provided guidance, leadership, and support across all sectors, consistently prioritising the needs of members and upholding the core values of the PSA.

Throughout his tenure, Mr Pretorius earned respect for his expertise in labour relations, his remarkable work ethic, and his unwavering commitment. With more than 36 years of dedicated service in the public sector, Mr Pretorius' career stands as a testament to commitment and perseverance. His retirement from the public service on 31 March 2026 signals the conclusion of an illustrious chapter. It, however, does not mark the end of his contribution to the PSA. It opens a new and equally meaningful phase of service. The PSA takes pride in the fact that he will continue his involvement through the PSA pensioners' structure, where his extensive experience and institutional insight will remain an invaluable asset. The PSA extends sincere gratitude and appreciation for his exceptional service and congratulates him on a distinguished career, wishing him continued success as he serves the PSA in this new role.

Reuben Maleka
GENERAL MANAGER
