Emergency Medical Services (EMS) and Nursing categories

The PSA represents thousands of Nurses and EMS officials. The rights and interests of these categories remain paramount. The PSA is committed to promoting the interests and defending the rights of members. To improve service delivery and ensure accessibility, the PSA has allocated Negotiators to these specific categories of employees. The aim is to ensure that issues and challenges facing employees are speedily and efficiently addressed. No Nurse or EMS Official must suffer without help and members are urged to submit workplace issues that necessitate attention of the PSA to the mentioned PSA employees for swift intervention.
