## Feedback: The Presidency Special Departmental Chamber meeting

### Skills Audit Process

The employer tabled a presentation from an appointed service provider to conduct a Skills Audit Process within Presidency. The purpose of the Skills Audit was outlined, which included ensuring that skills are identified for the fit for purpose process and to address the DPSA's future skills and capability agenda. Labour noted the presentation and expressed that the audit was late and should have been conducted already before the re-organisation/restructuring process commenced. Members are however requested to note the *attached* presentation and provide the PSA with any input by **9 February 2026**. Members will be kept informed of all developments as the matter progresses.
