Update: SEDFA members - PSA membership verification and Recognition Agreement

The PSA wishes to update members on the current process relating to membership verification at SEDFA. The PSA is in the final stages of verifying the Union's membership figures. The verification process is progressing positively and based on preliminary indications, confirms that the PSA has sufficient membership support to proceed with the conclusion of a recognition agreement with SEDFA. The verification process is expected to be finalised by the end of next week. Once completed, the PSA will engage with SEDFA with a view to concluding and signing the recognition agreement based on the verified membership strength.

Members are assured that the PSA is committed to protecting and advancing their interests and to ensuring that the recognition agreement is concluded as soon as the verification process has been finalised. The PSA therefore requests members to remain patient whilst the remaining administrative processes are being completed. Further communication will be issued once the verification process has been concluded and the recognition agreement has been signed.
