## Update: SITA pending wage negotiations for the 2026/27 financial year

As members will recall, the PSA tabled its wage demand on behalf of its members to the employer at the last forum meeting on 11 and 12 February 2026. Upon enquiries made on the date of the commencement of the actual negotiations, the employer responded that they are in the process of finalising its mandate and are targeting the next board meeting to obtain such a mandate. It is therefore anticipated that the meeting to commence with Wage Negotiations will be set to still take place in April 2026. Members will be kept updated as soon as the date has been determined.
