## Renovations: PSA Provincial Office - Cape Town

Necessary Office renovations to replace ceilings and air conditioners at the PSA's Provincial Office in Cape Town commenced on 10 February 2026.

Contractors will be on site day and night to meet the expected date of completion by **27 March 2026**. The renovations will unfortunately cause disruption to the Office's "walk-in service" to members. There will, however, always be staff at the Office.

Members are assured that there will be no disruption on service to members via email, telephone, or physical representation. Where required, in-person consultations will be arranged with members.

The PSA apologises for any inconvenience caused.

Reuben Maleka  
GENERAL MANAGER
